

# CIC BIM Standards Stakeholders Consultation Seminars

(Briefing of the first draft of BIM Standards of Statutory Plan Submission)

In January and March 2019, we have organised four briefing and stakeholders consultation sessions on the development principles of the BIM Standards of Statutory Plan Submission. Comments and feedback were well received. After reviewed in the meeting of the CIC Task Force on BIM Standards (Phase 2), the approach and the direction of the first draft of the BIM Standards for **Phase A\*** have been finalised.

**\*Phase A: 1)Superstructure Plans 2)Foundation Plans 3)Demolition Plan (included Hoarding)**

To ensure the standards could meet the industry needs, we are organising the following two sessions of “BIM Standards Stakeholders Consultation Seminars” to walk through the approach and direction of the first draft for Phase A and collect your views.
